

E1WPB60L-750

LED Full Cutoff Wall Pack fixture
with dusk-to-dawn photocell sensor

Energetic Lighting's E1WPB60L-750 LED commercial wall pack fixture provides a solution for full cutoff applications where prevention of undesired uplight needs to be observed. Available in 60W and designed to replace traditional 120W to 150W equivalent HID wall pack fixtures. Mounting is quick and simple with a standard junction box. An integrated dusk-to-dawn photocell sensor automatically turns the fixture on/off relative to ambient light. Constructed out of heavy duty cast iron with robust gaskets and seals to prevent moisture and insect ingress. Each fixture is rated for a minimum L70 of 50,000 hours with a dependable design that will operate hassle-free for many years.

Features

- No UV or IR radiation
- Modern and efficient design
- Full cutoff light profile
- Integrated dusk-to-dawn sensor
- Suitable for wet location use
- Easy and secure installation

Applications

- Commercial locations
- Warehouse
- Overhead task lighting
- General lighting

Other color temperatures may be available by special request.
